DETAILED ACTION

Election/Restrictions

Claims 6-14 stand withdrawn from consideration as being directed to a non-elected invention. These claims should be cancelled in response to this action.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 2 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The specification failed to disclose materials for the endotracheal tube and only disclosed the use of rubber or flexible plastic for the bladder (column 2, line 64). The use of fabric or plastic compatible with X-ray, MRI, or CAT scan procedures was limited to the collar embodiment (column 1, lines 61-65).

Allowable Subject Matter

Claims 1, 3, 15, and 16 are allowed.

Reissue Applications

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.
